OUR BESPOKE WEDDING STATIONERY GUIDE

Process, Timelines, Price List

hello

I'm Lydia — the designer behind Wild Thistle Paperie. Wild Thistle was born from my own love story. When I got married in January 2025, I designed every piece of our wedding stationery myself. What started as a DIY project quickly turned into a true passion - I loved the creative process, the attention to detail, and most of all, how it made our day feel uniquely us.

With a background in art and design, I knew I wanted to keep the magic going. Now, I work closely with brides and grooms to create bespoke wedding stationery that reflects their personal style and love story — whether that's timeless elegance, modern minimalism, or something entirely one-of-a-kind.

I believe your wedding stationery should feel like the very first chapter of your celebration — beautiful, meaningful, and completely yours and I'd be honoured to help you bring it to life

With love

Lydia
